

Dear Member

The Winchcombe CC membership system is up and running and you can now purchase your 2022 membership. Membership runs for the calendar year and the annual fee for individual membership is £14 plus £1 admin fee charged by British Cycling, whose system we are using to process applications.

In order to make sure all the data we hold is up to date you will be required to enter your details anew into the system. In future years the data will be carried forward for you to check when you renew your membership.

You can access the membership system here:

<https://www.britishcycling.org.uk/club/profile/58/winchcombe-cc>

Click on the Buy Membership button. On the next screen click on Buy Membership again. This takes you to the main screen for entering your details. Please enter your mobile phone as your Main Phone. Although Emergency Contact details are shown as optional it is Club policy that we hold this information, so please do complete these fields. Then Proceed to Additional Information. You will be asked if you wish to join British Cycling – click No Thanks if you don't. Please fill in your interests which help target communications, then Proceed to Payment.

You will be asked to confirm you are 16 or over. If you are under 18 please contact Carole Ward for a parental consent form which is required before you become a member. You will also be asked to confirm you have read the Club's Terms and Conditions – please click on these and read them as there have been a few changes which you should familiarize yourself with. Then continue to the Payment screen where you enter your card details.

On completion you will receive an email from British Cycling saying your application has been received by the Club and that you have been charged the admin fee. Carole will be reviewing and approving applications; when this has been completed you will be emailed by British Cycling to confirm your membership of Winchcombe CC and the remaining £14 will be processed.

You are strongly encouraged to purchase your 2022 membership before the end of December. From early 2022 the new membership database will be used for all communications and non-members will not be able to join official Club rides.

If you have any problems with using the system please contact Carole Ward on 07816 231066 or David Thomas on 07710 009735, either of whom will endeavour to help.

Kind regards

Carole Ward, Membership Secretary
